

SAT/MCAT Tutoring

About Me

My name is Jonathan, and I am a rising senior at Brown University '21 who is passionate about the applications of math and computer science to medicine. I have maintained a 4.0 GPA, while scoring a 2400/2400 on the SAT in high school and 528/528 on the MCAT last summer. I have also scored 800/800 on my SAT Chemistry subject test and a 5/5 on the AP Chemistry test.

During my free time, I enjoy singing and am a member of the Brown University's Bear Necessities a Capella group. I also am a senior advisor for the Brown Healthcare Investing Group and a boxing coach for the Brown Grappling and Mixed Martial Arts club sports team.

Teaching Experience

I have served as a teaching assistant for Multivariable Calculus, Intro to General Chemistry, and Advanced General Chemistry at Brown University for over 2 years. Additionally, I have tutored SAT, AP Chemistry, and voice lessons to local Providence high schoolers.

Teaching Philosophy

I believe that the most important aspect of learning is understanding the fundamentals and basics. Building a house with a strong foundation allows consistent growth and guaranteed returns. Therefore, as a teacher, I strive to get my students as excited as I am when learning new and interesting concepts. I do not support mindless repetition of practice problems but do support strategical practice. I look forward to working with students from any academic background and know that we can improve together!

Syllabus

The needs of every individual are unique, which is why personalized tutoring is so effective! However, here is a list of potential subjects to cover. We will determine where we should spend time after our initial assessment.

SAT:

1. Math
 - a. Algebra
 - b. Data Analysis
 - c. Calculus/Linear
2. Reading
 - a. Comprehension
 - b. Summarizing
 - c. Rhetoric
 - d. Synthesis
3. Writing
 - a. Grammar
 - b. Vocabulary
 - c. Contextualizing
4. Essay
 - a. Reading
 - b. Analysis
 - c. Writing

MCAT:

1. Biology & Biochemical Foundations of Living Systems
 - a. Biology
 - b. Biochemistry
2. Chemical and Physical Foundations of Biological Systems
 - a. General Chemistry
 - b. Physics
 - c. Organic Chemistry
3. Psychological, Social, and Biological Foundations of Behavior
 - a. Psychology
 - b. Sociology

Cost

SAT:

\$120/hour for 10 sessions (\$1200 total)

\$115/hour for 24 sessions (\$2760 total)

\$105/hour for 45 sessions (\$4725 total)

\$90/hour for 60 sessions (\$5400 total)

MCAT:

\$200/hour for 10 sessions (\$2000 total)

\$190/hour for 24 sessions (\$4560 total)

\$175/hour for 45 sessions (\$8100 total)

\$150/hour for 60 sessions (\$9000 total)

I am flexible with scheduling.

If you find a friend and want to do lessons concurrently, I offer a 40% discount per person!
